NOTICE OF PROPOSED RULE MAKING

Adopted: October 9, 2003

Released: October 16, 2003

Comment Date: December 8, 2003

Reply Comment Date: December 23, 2003

By the Chief, Video Division:

1. The Commission has before it a petition for rule making filed by KB Prime Media and United Television, Inc. (collectively "Applicants"), the mutually-exclusive applicants for channel 35 at Tupelo, Mississippi.¹ The applicants request the substitution of channel 49 for channel 35+ at Tupelo, Mississippi.

2. The Applicants have filed their petition for rule making pursuant to the provisions outlined in the Commission's Public Notice ("*Public Notice*") released on November 22, 1999, DA 99-2605.² In that *Public Notice*, the Commission announced a window filing opportunity to allow persons with certain pending requests for new NTSC stations to modify their requests. The Applicants state that when the Commission allotted channel 35 for the DTV operation of WCBI-TV at Columbus, Mississippi, the possible use of channel 35 at Tupelo was eliminated. Therefore, the Applicants submit their request seeking to change their channel.

2. We believe the Applicants' proposal warrants consideration. A staff engineering analysis indicates that Channel 49 can be allotted to Tupelo, Mississippi, with a plus offset

¹ Initially, the Chief, Television Branch, dismissed the Applicants petition for rule making because their proposal failed to meet the interference requirements of Section 73.623 of the Commission's Rules. Specifically, it was determined that the proposal was predicted to cause interference to Class A television station W49AY, channel 49, Birmingham, Alabama. Upon further review, it was determined that the proposal would not cause interference to W49AY, therefore the petition reinstated.

consistent with the minimum distance separation requirements of Sections 73.610 and 73.698 of the Commission's Rules. The coordinates for Channel 49+ at Tupelo are North Latitude 33-55-37 and West Longitude 88-33-36.

3. Accordingly, we seek comments on the proposed amendment of the TV Table of Allotments, Section 73.606(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Tupelo, Mississippi	9-, 35+	9-, 49+

4. The Commission's authority to institute rule-making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before December 8, 2003, and reply comments on or before December 23, 2003, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b). See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments,

Section 73.622(b) of the Commission's Rules.

7. For further information concerning this proceeding, contact Pam Blumenthal, Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.

APPENDIX

1. Pursuant to authority found in Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and Sections 0.61, 0.204(b) and 0.283 of the Commission's Rules, IT IS PROPOSED TO AMEND the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules and Regulations, as set forth in the Notice of Proposed Rule Making to which this Appendix is attached.

2. Showings Required. Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules).

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. Comments shall be served on the petitioner by the person filing the comments. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. Such comments and reply comments shall be accompanied by a certificate of service. (See Section 1.420(a), (b) and (c) of the Commission's Rules.). The Commission permits the electronic filing of all pleadings and comments in proceeding involving petitions for rule making (*except in broadcast allotment proceedings*).
